**Coronavirus.** P & K Training understands the essential need to abide by Government guidelines, and offer our clients a training environment that is as safe as it possibly can be, while recognising that by its nature, first aid training requires at least some contact with equipment and fellow students. We have therefore adopted a safe system of work and practise that we and our students can abide by. More details on application.

*\*This L3 course is also suitable for those who already hold a valid 1-day or 3-day First Aid certificate and require add-on for children and infants qualification.*
